1501: 13-14-02 (B) (3)

(Check only one of the following)

- _____ (a) When a permittee has applied, in a timely manner, for and diligently pursued a permit renewal or other necessary approval of designs or plans but such renewal or approval has not been issued within ninety days after the permittee's valid permit expires for reasons not within the control of the permittee;
- _____ (b) When there is a valid judicial order precluding abatement within ninety days as to which the permittee has diligently pursued all rights of appeal and as to which he or she has no other effective legal remedy;
- _____ (c) When the permittee cannot abate within ninety days due to labor strike;
- _____ (d) When climatic conditions preclude abatement within ninety days or when, due to climatic conditions, abatement within ninety days clearly would cause more environmental harm than it would prevent; or
- _____ (e) When abatement within 90 days requires action that would violate safety standards established by statute or regulation under the Mine Safety and Health Act.

PERMITTEE SIGNATURE Melanie Murray DATE 3/15/06

Note: Submit this request to the District Office at least five (5) calendar days prior to the current abatement date.
